

Behavioral Health Appointment Policy

We want to provide you with quality health care. To do this, it is very important that you keep your scheduled appointments and arrive on time. We have reserved that time especially for you and want to make sure that we work together to meet your health care needs.

Your appointments are important to your health.

- Keep all of your scheduled appointments.
- Cancel your appointment if you know you cannot keep it, as soon as possible, preferably by the day before the appointment so that we may offer it to someone else. (Call 877-800-5722)
- Arrive on time for program registration and medical appointments.

What happens if you don't come to an appointment and don't cancel it ("No show")?

- If you "no show" for an appointment or cancel your appointment with less than 24 hours notice, your provider will contact you to find out why you did not show up, to review this appointment policy with you, and to see whether you can reschedule with them. Please call us and let us know if you are having difficulty coming to your appointments.
- If you "no show" for a 2nd appointment without speaking to your provider, your provider will try to contact you again to find out why, and then will decide whether you should still be seen by them. If the provider decides that they should not see you as their patient anymore, you will receive a letter from your provider stating so. If you wish, you may appeal your provider's decision to stop seeing you. The appeal process will be outlined in the letter you receive. If your provider decides not to see you anymore, you may still be seen by other providers at Lone Star Circle of Care.
- If your provider decides not to see you anymore and you decide not to appeal, but still want to see your original provider, you may, after 6 months, reapply for services with your provider. You must, at that time, agree to follow all clinic policies (outlined here) in order to be seen by the provider.

What happens if you are late?

- If you are more than 10 minutes late for your scheduled arrival time, you may experience a longer-than-usual wait time, as we may have to work you into the schedule later.
- If we are unable to work you into the schedule later in the day, you may be asked to reschedule your appointment.
